The author's childhood and youthful experiences are the foundation of this Tamil anthology, which explores themes such as relationships, casteism, politics, gender, and sexuality. The stories aim to help readers understand and empathize with issues outside their own comfort zone, rather than simply trying to educate or intellectualize them. Each story has the potential to transport readers back to their childhood memories, evoking nostalgia for simpler times. The author shares his personal experiences of being a law student who faced caste-related issues and was eventually forced to discontinue his studies.
