Getting files from Drive or Dropbox is easy with PDF Candy's unlocking tool. Just upload your password-protected PDF file to our platform and we'll remove the security in seconds. Our PDF unlocker is quick, secure, and free of watermarking. We use top-security SSL encryption to ensure your documents remain confidential. You can access your files within 2 hours of uploading them, and they are never shared with third parties. The tool works on all operating systems, including Android, iOS, Windows, Linux, and macOS. It's also cloud-based, so you don't need to download any software. Simply drag and drop your file, provide the password if you know it, click 'Unlock PDF', and the task is done! You can share your unlocked files by sending a link or downloading them again later. We also offer a free check for weak passwords, which has a success rate of about 22% in one to two minutes. If your password isn't found, we offer a paid search through our database of over 20 billion records with a 61% probability of finding it.
